Following are the resolutions taken on the emergency meeting of IQAC held on 27th June, 2019:

1. The college needs to step up with its academic curricula with the commencement of the new academic year (2019-2020). All the departments need to organise at least four Seminars/ conferences/ Special Lectures/ Talks per semester. Resource Persons are to be invited from other institutions accordingly.
2. The college should immediately mobilize resource inter departmentally to organize popular lectures (the IQAC recommends 2 such lectures every month), lectures and talks that cater to the interdisciplinary interests with broad categories like "Humanities & Social Sciences" and "Science", "Career Counselling and Mental Health" etc.
3. Departmental outreach activities should be organised systematically by each department. Departments should combine and collaborate to organise awareness programmes and workshops on topics related to the present time and the adjacent locality.
4. The departments (7 arts & 4 science departments) must have fund for that. All these activities cannot be done unless the college provides the departments with at least the bare minimum funding in advance. The IQAC recommends the college to allot at least Rs. 15,000/- per department per semester to organise the activities as mentioned above. The amount unless issued at the very beginning of the academic Year (i.e. the first half of June, 2019) will be of little use for reasons understandable to all.
5. The IQAC recommends a skeletal programme schedule in this regard more as a suggestion than prescriptions of any specific nature. The dates, topics and other details can be altered for better organisation. Please see the table below in Pg 2:
