

NOTICE

29th June, 2020

The students of UG Semester VI (PROGRAM COURSE) of the department are hereby informed that as per the instructions given by the SKB University, the Internal Assessment for this semester will be conducted through Home Assignments. The assignments (for DSE ENGLISH and SEC) will be uploaded in the college website along with the instructions. The students are requested to visit the website and download the assignments and submit the same after completion within the given time. For further queries, they are requested to contact the respective teachers of the department.

Department of English

Govt. General Degree College, Man-II

GOVT. GENERAL DEGREE COLLEGE, MAN-II

INTERNAL ASSESSMENT

UG SEMESTER VI (PROG. COURSE), ENGLISH

2019-2020

HOME ASSIGNMENTS (DSE AND SEC)

*Students are instructed to prepare assignments from the given topics of each course (one from DSE and for SEC follow the instruction) and submit those online via email or whatsapp no. to the respective teachers of the department within **6th July, 2020**. Students are requested to go through the general instructions before preparing the assignments.

GENERAL INSTRUCTIONS:

*The students are instructed to write the assignments in A4 paper and then scan each assignment and transform each one into PDF form and send it to the respective teacher's email id or whatsapp no. (as available already with them). They can also type and email these assignments in PDF form to the email id of the respective teachers, if they so choose.

*The Title of the assignments should be mentioned at the beginning.

*Students are instructed to write their names, registration no with year, roll no, name of the paper and title as well as name of the college and contact no in separate paper.

*The word limit is 500 for each assignment and full marks is 10. In case of objective answers, the students are instructed to write in brief (as for SEC).

*The writings should be original, to the point and simple as far as possible. Plagiarism in any form, if found, will be punishable.

*For any query, students are asked to contact the respective teachers of the department without any delay.

2+8

Or,

What do you mean by Assertiveness? Why is it important as a skill?

2+8

ASSIGNMENT FOR SEC

READ THE FOLLOWING PASSAGE AND ANSWER THE QUESTIONS GIVEN BELOW:

COVID-19 is a disease caused by the “novel corona virus”. Common symptoms are: Fever Dry cough, Breathing difficulty. Some patients also have aches and pains, nasal congestion, runny nose, sore throat or diarrhoea. About 80% of confirmed cases recover from the disease without any serious complications. However, one out of every six people who gets COVID-19 can become seriously ill and develop difficulty in breathing. In more severe cases, infection can cause severe pneumonia and other complications which can be treated only at higher level facilities (District Hospitals and above). In a few cases it may even cause death. COVID-19 spreads mainly by droplets produced as a result of coughing or sneezing of a COVID-19 infected person. This can happen in two ways: Direct close contact: one can get the infection by being in close contact with COVID-19 patients (within one Metre of the infected person), especially if they do not cover their face when coughing or sneezing. ☒ Indirect contact: the droplets survive on surfaces and clothes for many days. Therefore, touching any such infected surface or cloth and then touching one’s mouth, nose or eyes can transmit the disease. The incubation period of COVID 19 (time between getting the infection and showing symptoms) is 1 to 14 days. Some people with the infection, but without any serious symptoms can also spread the disease.

1. Answer the following questions:

2x5= 10

- a) Which virus causes COVID-19 disease? What are the common symptoms of the disease?
- b) What happens in severe cases of the COVID-19 disease?
- c) How does direct close contact spread COVID-19 disease?
- d) Briefly describe how COVID-19 disease spreads through indirect contact.
- e) What is the incubation period of COVID-19 disease?
